

J-POD
2019 SERIES

JAYCO J-POD

Jayco J-Pod Sport has been designed with simple adventure in mind: just pack and go, and enjoy the freedom to change your plans at the last moment. With the tare weight of approximately only 790 kg, Jayco J-Pod Sport is easy to tow behind your average sedan or small SUV and is great in fuel economy.

It is anything but lightweight in clever inclusions:

- ▣ Space-saving slide-out kitchen that includes a sink and tap
- ▣ 100 Ah battery to keep you powered on your travels
- ▣ LED reading lights use less energy
- ▣ double-glazed windows help to keep temperature comfortable and to minimise noise.

Jayco J-Pod Sport comfortably sleeps two in a double bed with innerspring mattress and comes complete with an attachable tent to sleep more people or for use as an outdoor room.

It is fully equipped to carry a kayak or surfboard and a bike on the roof, which means hitting the road and fulfilling the desire for travel and adventure is made easy.

If freedom and spontaneity is how you like to travel – J-Pod Sport is the caravan made for you.

“We love taking off on adventure with no set plans allowing more freedom & spontaneity. Our J-Pod works for us because it’s light and compact, but still has everything we need. We use our J-Pod nearly every weekend as it suits our carefree lifestyle.”

Deena Currie, NSW
